Space to understand. Confidence for what comes next.

Dr. Anum brings a physician's perspective to fertility, reproductive health and the deeply personal questions women carry. Her background combines advanced training in ART & Reproductive Medicine with work centred on women navigating fertility and reproductive health.

At Nuria, she contributes to fertility, PCOS and menstrual-health education, helping women prepare better questions and understand when further clinical assessment or specialist care may be appropriate.

FERTILITY EDUCATION

Make reproductive health and fertility-treatment conversations easier to understand.

PCOS & MENSTRUAL HEALTH

Help women formulate clearer questions about cycles and reproductive wellbeing.

PREPARE & NAVIGATE

Recognise when further assessment or specialist care may be appropriate.
